**Assistant or Associate Professor in Physiology**

The Alabama College of Osteopathic Medicine (ACOM) is now recruiting for an Assistant/Associate Professor of Physiology. This is a new full-time position to add to our existing faculty to teach first and second-year medical students. The successful applicant must have a Ph.D. or equivalent degree in Physiology, Biomedical Sciences or other related field. We are looking for a candidate whose training and experiences will enhance our existing faculty’s basic sciences areas of expertise. Prior teaching experience in a medical or biomedical program is a plus. The faculty member is expected to contribute to the development of scholarly programs in areas of their choosing. The review of applications will begin immediately and continue until the position is filled. Salary will be commensurate with experience and qualifications and includes an excellent benefits package.

The Alabama College of Osteopathic Medicine (ACOM) is a comprehensive, four-year osteopathic medical college located in Dothan, Alabama. The city of Dothan has a low crime rate, a cost of living well below the national average and is about 90 minutes from the Emerald Coast beaches of Florida. The college is the academic division of the Houston County Health Care Authority, which is affiliated with Southeast Health. ACOM was the first osteopathic college established in Alabama and was the first osteopathic college in the nation to share a campus with a regional medical center.

Please submit (electronically, if possible): 1) a letter of application; 2) statements of teaching interests/philosophy and scholarly interests; 3) current curriculum vitae; and 4) contact information for three professional references to: James D. Foster, Ph.D., Associate Dean of Anatomy, Molecular Medicine, Research and Graduate Studies at ACOM. jfoster@acom.edu, 334.699.2266. Campus and Community: Located in Dothan, AL, ACOM was founded to address the shortage of primary care physicians across southeast Alabama and was Alabama’s first osteopathic medical college.

The 110,000 square-foot facility is equipped with a state-of-the-art research center, team-based learning center, and stand-alone simulation lab. ACOM’s pre-clinical curriculum is delivered through a hybrid, discipline- and systems-based model – in the first semester, students are presented with discipline-based core concepts, including basic foundational sciences and gross anatomy. With a patient-centered focus, this core curriculum is complemented by longitudinal instruction in OPP, team-based learning activities, a robust medical simulation program, early standardized patient encounters, and a unique population health and evidence-based medicine curriculum as well as a four-year career development and advising program. The clinical curriculum for third- and fourth-year students is delivered through an extensive network of dedicated preceptor physicians located in community-based hospitals and clinics throughout Alabama, Florida, and Mississippi. Visit the ACOM website at
to learn more. ACOM values its employees and is committed to recruiting and supporting a diverse student body, faculty, and administrative staff. ACOM offers a full benefits package, including 401a and 457b retirement plans with up to a 7.5% match, CME allowance, paid professional memberships and licensures, relocation package, and.

One of the best kept secrets in Alabama, Dothan is a dynamic city with urban conveniences and small-town appeal. Conveniently located in the southeast corner of Alabama, Dothan is just 3 hours from Birmingham, Atlanta, and Mobile. Dothan’s mild winters allow residents to enjoy biking and hiking trails, parks, and the Robert Trent Jones golf course year-round. Just 90 miles from Florida’s Gulf Coast beaches, Dothan is also home to a vibrant cultural arts scene as well as a growing downtown area that includes Foster Fest, museums, local breweries, and restaurants such as the 2019 Top Chef winner’s KBC. Explore the Visit Dothan website at https://visitdothan.com to learn more about everything there is to do in this charming city.
