Applications are invited for a full-time, career stream Instructor position, with the potential to start October 1, 2021, or as soon as possible thereafter. The Department of Physiology & Biophysics provides a wide spectrum of physiology courses to undergraduate and graduate students, as well as in several medical science and professional programs. The fulltime position is focused on face-to-face and online teaching with requirements for technology-mediated instruction, curriculum development, and departmental administration. The Instructor is responsible for the development, delivery, assessment, and continual revision of physiology courses, primarily at the first- and second-year undergraduate level. Additional responsibilities include class administration, student evaluations, academic advising, and the training and supervision of teaching assistants. This position has no research duties. There is opportunity for scholarly research, specifically in the field of the scholarship of teaching and learning.

The candidate must have a Ph.D. in physiology or a closely related field and demonstrated excellence in teaching physiology at the undergraduate level. Experience with the supervision and mentorship of undergraduate students or teaching assistants, and the development of course curricula is preferred. Applicants must be able to teach in all areas of physiology at an introductory, undergraduate level. The successful candidate will be able and motivated to integrate emerging technologies into teaching practices in face-to-face and online learning environments. They will also possess excellent written and oral communication skills, strong interpersonal skills and the ability and desire to work collaboratively as a member of an academic team to develop and implement innovative and evidence-based pedagogical practices.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Indigenous persons, persons with a disability, racially visible persons, women, persons of a minority sexual orientation and/or gender identity, and all candidates who would contribute to the diversity of our community.
