Assistant Professor

The Division of Basic Biomedical Sciences at the University of South Dakota’s Sanford School of Medicine invites applications for a tenure-track faculty position at the Assistant Professor level. The Division has current strengths in Neuroscience, Cardiovascular Science, Protein Quality Control, Cancer Biology and Microbiology/Immunology. Applicants should have a Ph.D. or M.D./Ph.D. and at least two years of post-doctoral experience. We seek an energetic and collaborative individual that will interact with faculty within the Division of Basic Biomedical Sciences (https://www.usd.edu/medicine/basic-biomedical-sciences).

Applicants should demonstrate strong potential for developing an innovative, independent, and translational research program that has or is likely to attract significant extramural funding. In addition, the applicant should demonstrate a commitment to mentoring and teaching graduate, health sciences and/or medical students. Excellent start-up funds, state-funded salary commensurate with experience and state-of-the-art research facilities in the Lee Medical Science Building will be provided. The application should include a curriculum vitae, a summary of past/current research and teaching experiences/interests, teaching philosophy, future plans for research and the names of three references.

All materials should be submitted using the University of South Dakota online employment website at https://yourfuture.sdbor.edu. Review of applications will begin on 03/18/2022 and continue until position is filled.

USD is committed to creating a dynamic workplace focused on opportunities for all, without regard to race, color, religion, sex, sexual orientation, age, national origin, disability, protected veteran status, gender identity or any other factor protected by applicable federal, state, or local laws.
