Postdoctoral Research in Tampa Bay, Florida

Postdoctoral position is available in Dr. Sarah Yuan’s lab investigating blood cell-vascular cell interactions and endothelial barrier regulation in inflammation and sepsis. Experimental approaches include human/animal/cell models of disease, microscopic imaging, proteomics, and state-of-the-art cellular and molecular biology techniques.

Requires doctoral degree in related areas. Experience with molecular biology, immunology or vascular physiology is preferred. Please send a letter of application with curriculum vitae and contact information of three referees to:

Sarah Yuan, M.D., Ph.D.
Dept. of Molecular Pharmacology & Physiology
University of South Florida Morsani College of Medicine
12901 Bruce B Downs Blvd., MDC 8
Tampa, FL 33612
