## Video and Photography Release for Conferences

Photo or video capture of any scientific presentation in whole or in part is strictly prohibited without the presenter's explicit permission. Taking photographs, recording or sharing any content on social media platforms in whole or in part of another person's contents is strictly prohibited without the presenter's explicit permission.

The American Physiological Society (APS) captures photos and video at its events which may be used in future promotions. We will be capturing activities, including portions of the symposium, poster sessions, meals and symposium attendees. These materials may be used in future promotions of APS and our conference series.

By taking part in this event, you grant the event organizers full rights to use the images resulting from the photography and video filming, and any reproductions or adaptations of the images, for the promotion of APS or its publications, fundraising, publicity or other purposes. This may include (but is not limited to) the right to use them in printed and online publicity, social media, press releases and funding applications.

If you do not wish to be photographed or filmed, or if you have any questions, please contact the APS Office of Scientific Meetings at [meetings@physiology.org](mailto:meetings@physiology.org).
