## Video and Photography Release for Conferences

APS captures photos and video at its events which may be used in future promotions. We will be capturing activities, including portions of the symposium, poster sessions, meals and symposium attendees. These materials may be used in future promotions of the APS and the Physiology in Focus conference series.

By taking part in this event, you grant the event organizers full rights to use the images resulting from the photography and video filming, and any reproductions or adaptations of the images, for the promotion of the APS or its publications, fundraising, publicity or other purposes. This may include (but is not limited to) the right to use them in printed and online publicity, social media, press releases and funding applications.

If you do not wish to be photographed or filmed please inform an APS staff member.
