

Graduate Students & Post-docs!

Be a Chaperone for a speaker at the *Integrative Physiology of Exercise (IPE)* meeting in 2020.

Each chaperone will (1) be matched with a speaker, (2) initiate contact before the meeting to collect information needed to generate a professional introduction, and (3) pre-record a 30-60s introduction for their assigned IPE speaker.

If you are interested, email 1-2 paragraphs (500 words or less) requesting to participate as a Chaperone to samazzetti@salisbury.edu. Include the following:

- Name, rank, research focus, advisor, and name of current university & lab
- Describe your short- and long-term research goals/interests
- A list of 5 speakers you would want to introduce

For more meeting information, please visit the [website](#).

Speaker List & Tentative Schedule

Keynote Address 1
Tuesday, November 10
August Krogh, Nobel Laureate:
100 Year Anniversary Celebration
Michael Kjaer, MD, DMSc
University of Copenhagen

Keynote Address 2
Wednesday, November 11
AV Hill, Nobel Laureate:
100 Year Anniversary Celebration
David Bassett, PhD
University of Tennessee

Symposium 1, Monday, November 9

Scientific Contributions of John Holloszy

Chair: John Kirwan, PhD

Amira Klip, PhD
Juleen Zierath, PhD
Katsuhiko Funai, PhD
Jacob Haus, PhD

Symposium 2, Monday, November 9

Mission to Mars: Astronaut Health & Exercise

Chairs: Jessica Scott, PhD & Lori Ploutz-Snyder, PhD

Lori Ploutz-Snyder, PhD
Jessica Scott, PhD
Scott Smith, PhD
COL Michael Fossum, Astronaut

Symposium 3, Tuesday, November 10

Exercise & Organ Crosstalk

Chair: Bente Klarlund Pedersen, MD, DMSc

Henriette Van Praag, PhD
David Wright, PhD
Mark Febbraio, PhD
Cora Weigert, PhD

Symposium 4, Thursday, November 12

Homeostasis & Adaptation of Tendons to Exercise

Chair: Peter Magnusson, DMSc

Karl Kadler, PhD
Michael Kjaer, MD, DMSc
Stephanie Dakin, PhD
Chris Mendias, PhD

Symposium 5, Thursday, November 12

Testosterone, Health & Performance

Chair: Matthew Fedoruk, PhD

Daniel Eichner, PhD
Stefan Pasiakos, PhD
Angelica Lindén Hirschberg, MD, PhD
Ai Matsumoto, MD

Symposium 6, Friday, November 13

Mol. Transducers of Phys. Act. Consortium (MoTrPAC)

Chair: Sue Bodine, PhD

Sue Bodine, PhD
Marcas Bamman, PhD
Malene Lindholm, PhD
Bret Goodpaster, PhD
